

## ExxonMobil Chemical European Science & Engineering Award 2019

- Art. 1. On the initiative of ExxonMobil Chemical Europe Inc., the Research Foundation – Flanders (FWO) will grant the **ExxonMobil Chemical European Science & Engineering Award** in 2019.
- Art. 2. The ExxonMobil Chemical European Science & Engineering Award 2019 is granted in recognition of outstanding research in the field of “**Innovative Research for Sustainable Energy and Chemistry**”.
- Art. 3. The award will be granted to a researcher of at least postdoctoral level and maximum 40 years of age who is working in a European university or European non-profit research institute.
- Art. 4. The award of **€40.000** will be paid to the host organization of the winner.
- Art. 5. Applications have to be submitted on the appropriate forms **before May 20, 2019** at the latest. The forms are available on the FWO website (<http://www.fwo.be/>) and have to be submitted electronically via [prijzen@fwo.be](mailto:prijzen@fwo.be).
- Art. 6. Projects sponsored by, or researchers working within the ExxonMobil Corporation or any of its stewarded affiliates are not eligible for the award.
- Art. 7. The award will be granted by the Research Foundation – Flanders (FWO), based on the recommendation of a jury nominated by and following the applicable rules of the FWO.
- Art. 8. If no suitable candidate is identified, the FWO can decide not to grant the award.
- Art. 9. Any problems or disputes arising from applying or granting the award will be settled by the FWO, whose decision in these respects will be final.
- Art. 10. Candidates must be in a position to freely interact with ExxonMobil Chemical. Whenever the awarded work is published, the ExxonMobil European Science & Engineering Award must be acknowledged.
- Art. 11. More information can be found on:
